**Day 5 Half Day - Afternoon Sunset Uluwatu tour**

Enjoy your morning at leisure. This afternoon, enjoy a pleasant short ride along the hills of Bali's southern peninsula. This area, known as Bukit, offers landscape and topography unequalled by any other region on the island. Unlike the lush tropical country side which owes their fertile soil to the volcanoes that dotted the central highlands, this arid terrain; formed by millennia of coral sedimentation is a world of its own. Its beautiful, yet wild beaches are a haven for surfers. In the corner of this

peninsula, perched on a sheer cliff, is the highly venerated Uluwatu Temple. View a performance of the Ramayana epic based Kecak Dance with the majestic temple and sunset as a background. The tour ends at Jimbaran Beach. Overnight in Bali

**Day 6 Full Day - Northern Bali tour**

Today will first take you inland to the most scenic area of Puputan and Antosari. The morning light is ideal for taking pictures of the unique rice terraces. After passing through the fields of coffee, cacao and fruit, descend to the north coast. Lovina Beach, with its quiet breaks and black sand, is the next stop. Here you will have free time for lunch (not included) and to relax. Afterwards travel 230km through the mountainous region which offers magnificent views of an expansive coastal landscape. As one passes Lake Buyan and Tamblingan you will be able to see a multitude of birds, trees and flowers unique to Indonesia. A stop will be made at Bedugul to visit Lake Bratan so you can marvel at the floating Temple of Ulun Danu, dedicated to the goddess of water.
